

This is Love

God of the broken hearted
You bind up those in pain
Your heart is for the needy
For all who call upon your name

Break our hearts O God
For this broken world

Let your justice flow like rivers
Let your mercy fall like rain
Spirit fill us with compassion
As we display your love
For you have first loved us

You broke yourself to love us
You died to bring us life
So we give our lives to serve you
As your people here on earth

Break our hearts O God
For this broken world

Let your justice flow like rivers
Let your mercy fall like rain
Spirit fill us with compassion
As we display your love
For you have first loved us

This is love
This is love
Stepping forward
Reaching out again

This is love
This is love
Stepping forward
Reaching out again

Let your justice flow like rivers
Let your mercy fall like rain
Spirit fill us with compassion
As we display your love
For you have first loved us
